

Making Onsite Class Changes

Who: any student already enrolled in Splash

What: if you want to change, add, or drop a class you can do it on the weekend of Splash

When: any time after checking in and receiving your schedule and nametag

Where: near student check-in by Lomita Mall (it will be marked on your schedule/map)

Why: if you have a hole in your schedule, a class is cancelled, you have another class you want to switch to, and similar.

How: here's a few things to keep in mind:

- **The student must make ALL class changes.** Not a parent, not a sibling, not a friend. This is to ensure that the class change is what the student wants and to ensure fairness between students.
- If you have a certain class in mind, make note of the title and class code. We will also have catalogs and a screen listing available classes in case you're not sure what you want to add.
- You may only add classes in your grade range.
- No class changes for Sunday can be made until 11:45am on Saturday.
- We cannot give out class location information unless you are enrolled in the class to ensure that classes do not go over capacity.
